

LET IT GROW (LIG)

A healthy hair system that is all natural and promotes hair growth. Directions: Read the Product Guide. It will provide you will all the product knowledge you will need. You are now ready to begin your journey to a healthy head of hair with the products knowledge you will need to do it yourself. Still need help. Go to www.pleasology.com/letitgrow for Tuturials

#1 LIG Prewash (Optional) Spay on the scalp before shampooing and then massage the scalp for 2-3 minutes. This will prepare will balance the pH of the hair and scalp. Help to put the hair in a healthy state. *** Can be use after getting a chemical service before applying a conditioner. Spray on work through with fingers and apply conditioner. (Optional) apply shower cap for 20 minutes under a heated dryer for extra protection.

#2 LIG Shampoo

Shampoo the hair twice. The second shampoo is the most beneficial don't skip it. The shampoo When to shampoo afterwards is based on hair type and preferences as few as 3 days or for as long as a month depending on the ending style.

#3 LIG Detangling Conditioner

Use a wide tooth comb to detangle the hair. This will prepare the hair for the reconstructor. (Optional) It can also be used as an instant conditioner.

#4 LIG Reconstructor

It nourishes the follicles to ensure the hair grows. Healthy. Leave on the hair 5- 10, Rinse with warm water.

#5 LIG Styling Serum (Heat Protection)

use when blowdrying or flatiron the hair. It penetrates the hair shaft as it conditions and reduces the changes of the hair losing protein.

#6 LIG Styling Mist

(Wet styling & braiding)

Can serve as a leave in conditioner. Use when doing a protection style, or for rolling the hair. Adds shine to the hair. Can be used as a wig detangler.

#7 LIG Growth Serum

Apply as needed.
This can be used every day. However, applying every other day will also get the job done.

#8 LIG Repair Serum

Use for damaged, relaxed, and color treated hair. Use at the end of a chemical service on dry hair.
Afterwards apply as need. This can be used every night. However, applying every other night will also get the job done. Apply as needed.

#9
